

# Connecticut Audubon Society Citizen Science Monitoring Results in Woodstock, CT

by

**Paula Coughlin, CAS Citizen Science  
Monitoring Program Coordinator**

- **Tuesday, January 31, 2017 (snow date February 1)**
- **7 PM**
- **Woodstock Town Hall Room 1 (lower level)**
- **Free**
- **Call 860-928-4948 ext 605 to reserve your seat.**

Paula Coughlin and her team of volunteers have been collecting citizen science data in Woodstock since 2003. This data includes the results of mammal monitoring along a transect in Nipmuck State Forest, vernal pool documentation and riffle bioassessments in small wadable streams. All are welcome.

Sponsored by the Woodstock Conservation Commission
