

## Energy Assistance Program Information

The CT Energy Assistance Program (CEAP) is taking applications for the 2014-2015 heating season.

Senior Citizens or homebound disabled members of the Woodstock, Thompson and Pomfret communities may call **TEEG 860-923-3458** to see if they qualify!

The program runs from November 15<sup>th</sup> to March 15<sup>th</sup>.

Others can call the Access Agency (860-412-1600) in Danielson to schedule their appointment.

Applying for CEAP is the FIRST step in winter fuel assistance. If you have exhausted your benefits through the CEAP program (or were denied due to asset or income guidelines) and are still having trouble meeting your heating needs, both seniors and non-seniors alike can call TEEG to discuss other fuel options.
